Standard Rate Card

Company-wide standard schedule for managed-spend engagements

Effective: 09/01/2025 | Document Owner: VP, Paid Media | Version: v1.0

1. Scope

Standard schedule applies to ongoing billing across all client tiers. Legacy-account renewal rate schedule (see separate document) governs only inherited-Bramwell account renewal events.

2. Rates / Terms

Item	Rate / Term
Base Management Fee	12% of managed spend, applied to all active client engagements company-wide, effective 9/1/2025
Multi-Year Renewal Discount	15% discount on contracted base value for multi-year renewal terms (24 months or greater)

3. Notes

Base Management Fee is billed monthly against qualifying managed platform spend for the billing period. Multi-Year Renewal Discount applies to the contracted base value of a renewal engagement whose committed term is twenty-four (24) months or greater; term length is measured from the renewal effective date. Legacy-account renewal terms for inherited Bramwell accounts are addressed under a separate schedule and are not restated here.
